### **Awards:**

As pre-determined by CAS, set amounts of money are allocated for each trade to be awarded each semester. Each semester becomes more competitive than the previous resulting in not everyone receiving a scholarship award each semester. Qualifying applicants with the highest grades (ranked by grade percentages) are awarded scholarships in the following manner:

- A - \$400
- B - \$300
- C - \$200

In the event that there is a tie in grades the scholarship will be awarded to the applicant who submitted their application first.

## 2009 Application Submission Deadlines:

**2009 Spring Semester - January 9th, 2009**

**2009 Fall Semester - August 21st, 2009**

The SBE Training Center is not responsible for required documentation that is not submitted with the scholarship application. If the required documentation (previous semesters grade report) is not attached the students application will be automatically disqualified from selection. All other documentation attached is considered supplemental. It is the student's responsibility to ensure that their application is complete and that they are eligible.
