

SAFETY 101

Why this class?...

In California every employer is required by law to provide a safe and healthful workplace for his/her employees. Title 8, of the California Code of Regulations, requires every employer to have an effective Injury and Illness Prevention Program in accord with T8 CCR Section 3203 of the General Industry Safety Orders. Your Injury and Illness Prevention Program must be a written plan that is **put into practice**. **Safety and health training and instruction** is one of the requirements of an IIPP.

The Safety Orientation program offered at the SBE Training Center covers all of the necessary elements that employers need to provide to their employees in regards to site safety. Similar in nature to the OSHA 10 hour program, the Safety Orientation seminar is a crucial piece of any employers IIPP. Through this program the SBE Training Center works to help employers meet their legal safety training requirements.
