

OSHA 10-Hour

The 10-hour Construction Industry Outreach Training Program is intended to provide entry level construction workers general awareness on recognizing and preventing hazards on a construction site. The training covers a variety of construction safety and health hazards which a worker may encounter at a construction site. OSHA recommends this training as an orientation to occupational safety and health. Workers must receive additional training on hazards specific to their job. Training should emphasize hazard identification, avoidance, control and prevention, not OSHA standards. Instructional time must be a minimum of 10 hours. Upon successful completion, students receive an official OSHA 10 Hour card.

WHEN:

May 21 & 22, 2012

WHERE:

SBE Training Center
2985 Innsbruck Drive

TIMES:

5/21 9:00 AM—3:00 PM
5/22 8:00 AM—1:00 PM
