Energize Your Business with Building Performance Certification

Train and Prepare for BPI Certification Exams for as low as \$130

Building professionals—increase your business opportunities and stay ahead of the curve with up-to-date training in home performance and energy-efficiency. Energy Upgrade California's Subsidized Contractor Training Program (SCTP) gets you certified to perform energy assessments and verifications. These certifications put you on the path to become an Energy Upgrade Participating Contractor.

A \$1,600 value for only \$130!

Building Performance Institute Building Analyst

- Learn to conduct comprehensive, whole-house assessments
- Attend a 4-6 day training plus written and field exams
- Pay only \$130 dollars (\$1,600 value)

Get on the path toward Energy Upgrade California

SCTP can be a major step toward becoming an Energy Upgrade Expert—the ONLY professionals who can qualify homeowners for over \$4,000 in rebates for home improvements. Learn more at EnergyUpgradeCA.org.

How do I apply?

Learn more about the program and apply online at www.contractor-training-ca.org

Reduce energy use. Save money. Create jobs.
